PARK AGAINST ROAD BOND BILL

But It Passes House By Majority of 63 to 34 and Now Goes To Senate

Frankfort, Feb. 16—After another hard all-day fight, the House of Representatives late Wednesday afternoon passed the Moss-Meyers \$500,000 road bond submission bill, the final vote being 63 to 34. About an equal number from both parties joined in passing the measure, which received 32 Democratic and 31 Republican votes, while against it were cast the ballots of 33 Democrats and one Republican.

There were only two amendments voted into the roads bill in the house which made any material change in it as proposed by Mr. Meyers. One was Ira D. Smith's amendment, which provides that while the vote is to be taken next fall, the first of the bonds shall not be issued until January 1, 1924, which merely delays the date of issuing the first bonds six months, the date in the original being July 1, 1923. The other amendment introduced by Arch L. Hamilton, of Fayette county, adds a clause which provides that the attorney general shall file a test case to decide whether or not any part of the bill is unconstitutional, following its passage and prior to the election and issuance of bonds, and if the law be found unconstitutional, the bonds shall not be issued.

Following is the detailed vote by which the bond issue was passed:

For the bill: Adams, Amos, Bosworth, Bowman, Button, Cary, Chandler, Clark, Cross, Cumdiff, Day, Denton, Duncan, Ellis, Mrs. Flanery, Fultz, Green, Gibson, Hamilton, Harvey, Holder, Hopkins, Humbert, Huntman, Jennings, Jones, Kelly, Lane, Lawrence, Leibold, Lewis, May, Meyers, Miller, R. C. Moore, Murrah, Muster, McCaw, McGuire, McMurtry, E. E. Nelson, C. A. Nelson, Newman, O'Donovan, Oney, Pierce, Powell, Rice, Richardson, Scott, Simons, G. W. Smith, L. D. Smith, Skaggs, G. F. Thompson, H. O. Thompson, Tinsley, Truesdell, Trumbo, Vanhoose, Waggoner, Wallen, Wickler—63.

Against the bill: Beckmann, Bennett, Bickett, Boling, Boyd, Brown, Dixon, Dorsey, Drury, Duffy, Frazier, Gossett, Hadden, Howard, Jeter, Light, Lisle, Minor, S. H. Moore, Park, Payne, Quarles, Saunders, Stewart, Strange, H. V. Thompson, D. D. Thornberry, Tolin, Toombs, Vest, Walker, Watkins, Wheeler, Willis—34.

Shortly before the final vote was taken Representative Vest had moved to recommit the bill and its amendments, which lost 54 to 39, and which was taken as a sure index of the ultimate victory of the measure.

It is expected that the senate will make some amendments to the present draft and particularly in order to restore the equal balance to the proposed commission so that it shall be six Democrats and six Republicans, instead of seven Democrats and five Republicans as in the House draft.

The senate will be a difficult gamut for the bill to run, but in that branch it will have the expert guidance of Senator White L. Moss, of Bell county, one of the best known good roads workers of the state. He claims a narrow, but safe majority, for the bill.

Shortly after the senate met, the fight over the substitute for the evolution bill was precipitated. Senator Rash pressed for action on the measure, but the opponents of the act were able, by parliamentary tactics to obstruct it so that it did not get to a vote. Both sides claimed the support of Senator Demunbrum, who was absent, and it was apparent that the result is going to be close.

Persons seeking to place a board of censorship over moving pictures shown in Kentucky made a hard, concerted drive to that end Wednesday afternoon before the committee on Kentucky Statutes No. 2 of the senate, in support of the Brock bill (Senate bill 176) which if enacted will create a commission of

DR. FROST WANTED WORMS CAUGHT, TOO

Ex-President of Berea College, Not Satisfied With Raid On Moonshiners

Outside of the moonshiners and bootleggers, whose business was somewhat disarranged by the raid of Sheriff Elmer Deatherage and his men about a week ago, the only criticism that the Daily Register has heard of the raid on lawbreakers comes from Dr. Wm. Goodell Frost, former president of Berea College. What Dr. Frost says will be read with interest:

Berea, Ky., Feb. 13, Editor Daily Register.

My dear sir:—All the papers give account of the great raid of our new sheriff and his helpers upon the moonshiners—"Thirteen still broken up, no worms taken, one colored boy arrested on suspicion."

The papers make no comment, but other people make comments, and I write to ask you to give space to mine. It looks as though some member of the attacking party had sent notice in advance so that those precious worms could all be gotten out of the way.

Now that the moonshiners are being jailed in other counties, it will improve the business in Madison, and our moonshiners can afford to have their stills broken up every little while if they can save the worms and be free from arrest themselves so as to make plenty of whisky and money between times!

We do not despair of our new sheriff, but we expect him to do better next time. And meanwhile should not our churches get busy converting the people who buy moonshine whisky? It is a good time for an old-fashioned pledge-signing campaign.

WM. GOODELL FROST.

SILAS BAXTER DIES NEAR BROOKSTOWN

Mr. Silas Baxter, aged 80, one of Madison's best known citizens, died at his home near Brookstown, Wednesday morning from the effects of an attack of heart trouble and the infirmities of age. He spent practically his entire life in the vicinity of Brookstown. He is survived by his aged companion, one sister, Mrs. Sam Rice of this city. Funeral services will be held at his late residence Thursday afternoon at 1:30, in interment in family burying ground.

Aged Author Dead

(By Associated Press) Los Angeles, Calif., Feb. 16—Arrangements are being made here today for the funeral of Dr. James Martin Peebles, physician and author, who died at his home here yesterday. He lacked 46 days of being 100 years old.

34 Deaths In Belfast

(By Associated Press) Belfast, Ireland, Feb. 16—Up to ten o'clock today casualties in the disorders here had reached 114, with deaths numbering 34 since Saturday.

Stanford Court Day

Monday was court day at Stanford. The Interior Journal says there were 750 cattle at Nunnely's pens Monday and most of them sold. The best, a bunch of yearling and two-year-old steers, brought 6 1-2c. Others sold at 6 to 6 1/10. The best heifers brought 5 1-2c but the majority changed hands around the 5 cent mark. The demand for cattle was hardly as good as it was a month ago. A few hogs sold at 10c, but no sheep were offered. There was very little doing in the sale of horses and mules, there being little demand for either.

Mash Was In Cave; Still Was Removed

Grayson, Feb. 16—A fifty gallon barrel of mash with only traces of a still were discovered in an abandoned coal mine near Willard by sheriff Burchett and deputies. No arrests were made. Three to supervise all films displayed in the commonwealth. Representatives of the distributors and exhibitors appeared in opposition to the bill.

"Humanizing" the American Parcel Post Service

A new postal regulation makes it possible for mothers to bring their babies down when the parcel post man calls and have them weighed on the scale which is part of the equipment of the wagon. In Oakland, Cal. the scheme has already been placed in practice, and the mothers eagerly bring their babes and place them on the scales.

IRVINE ESTATE WINS TWO SUITS IN COURT

Circuit court has been engaged for almost three days in trials of suits by E. S. Wiggins and June Wiggins against the estate of the late Mrs. Elizabeth Irvine. The former asked about \$5,000 and the latter \$6,000 for services rendered Mrs. Irvine during her life, when they made their home with her and assisted her in many ways.

Both juries which tried the cases found for the defendant estate, however. J. W. Crooke, as executor, defended the suits, represented by Attorneys Bureau & Greenleaf. The jury in the first case was out several hours, but the last jury reached a verdict in a few minutes.

Court then took up trial of the suits of the Richmond Lumber Company and Mrs. Mary Powell and E. S. Powell against the city of Richmond. The former asks \$2,500 and the latter \$1,500 for damages alleged to have been caused their property on East Main street by the construction of the new paved streets and establishment of the grade of the street some inches above their sidewalk. Charles Soper, of the Richmond Lumber Company said he estimated the damage to his property as fully 50 per cent of its value; he estimated his damage at \$2,500 to \$3,000; he said that since the new streets and new curbing were built, when it rains, water runs down the sidewalks. He denied that it did so before.

The plaintiffs are represented by Attorneys Greenleaf & Burnham, while the interests of the city are represented by City Attorney H. C. Rice, and former City Attorney J. P. Chenault.

SPLENDID MUSIC WITH "THE SHEIK"

Another large crowd witnessed the second showing of "The Sheik," which was screened at the opera house last night. No picture ever brought to Richmond has been made the subject of so much talk and those who saw the picture yesterday have pronounced it one of the best acted pictures ever shown here. The two principal stars, Agnes Ayres and Rudolph Valentino, are perfect in their roles and hold the attention of the audience from the first reel to the last scene. The magnificent and spectacular settings in which the various scenes are enacted prove without a doubt the heavy expense the producers went to in making this wonderful picture.

The music for the picture was above the ordinary and Miss Vera Eckert deserves special praise for the way in which she directed the musicians, all of whom were local boys. Miss Eckert has been engaged at the Strand in Lexington for many years and is an artist at the piano. The music required by the picture is of the very highest class and brings out the weird music of the desert scenes, as well as the lively scores for the dancing girls of the harem. The orchestra adds greatly to the presentation of the picture.

BURLEY POOL'S DOOR REOPENED

Lexington, Ky., Feb. 15—Every tobacco grower in the burley district is to have one more chance to sign up his crop for the next five years to the marketing plan of the Burley Tobacco Growers' Co-operative Association, Joseph Passonneau, chief of the field service division, said today. Mr. Passonneau said that new contracts have been printed covering the crops of 1922 to 1926, inclusive and that these are going out to the county organizations this week.

Within the last week Mr. Passonneau's department has received ninety-seven contracts, representing more than 250,000 pounds of tobacco.

The new contract contains the same provisions as the old. The members pay the same membership fee and the grower has the right to stop growing tobacco at any time he may desire to do, as under the old contract, but if a grower raises any tobacco he must deliver it to the association to be marketed.

The new contract has spaces for the amount of tobacco grown in 1921, the amount pledged for 1922, and if the grower has any old tobacco on hand at the time he signs it must be delivered to the association to be marketed.

The Executive Committee of the association, which was in session practically all day today, transacted considerable business of a routine nature. Those in attendance were President J. C. Stone, James Kehoe, of Maysville, Bush W. Allen, of Harrodsburg, and John D. Winn, of Versailles.

MOVIE CENSORSHIP FAVORED IN SENATE

(By Associated Press) Frankfort, Feb. 16—In the senate today a bill creating a State Board of Censorship for moving pictures was favorably reported. The senate also unanimously passed a joint resolution for the appointment by the Governor of a committee of one hundred citizens for a Henry Watterson memorial. The resolution termed Watterson one of Kentucky's most illustrious citizens who was born 82 years ago today. The commission will serve without pay.

The declaratory judgment bill passed the house today 84 to 1.

WOODS TALKS ON LAW ENFORCEMENT

Richmond's Famous Ex-Mayor Talks On Vital Topic At Union Prayer Meeting

Clarence E. Woods gave the people of Richmond and Madison county some sound advice on law enforcement at a union prayer meeting of the uptown churches of Richmond Wednesday night. Mr. Woods was heard by a very appreciative audience, and received a most cordial reception from his many friends here.

As ex-mayor of Richmond and prominent all his life in movements for law enforcement and the uplift of his fellowman, Mr. Woods is an authority on any phase of this most vital question of present day times, that he cares to discuss.

Mr. Woods frankly said he came without invitation, or suggestion from a soul, to rouse anew the fine spirit of devotion to law and order which marked the era of 1906-1910, when the eyes not only of the state but of the nation and Canada, were watching the experiment of Richmond with out licensed saloons. The hopes of friends and the evil prophecies of enemies of no-license were in the crucible of trial and experimentation, and the city was undergoing a revolution morally, financially and physically. For a generation the business of selling whisky openly was in partnership with every other business in paying the taxes of schools and government, the saloons paying one-third of the total cost. To close the saloons and shut off this supply of taxes was a serious matter, but the question of money was settled at the polls by putting manhood above money, children above coin, and women above the wash tub. Therefore for sixteen years past, children have been able to say they never saw an open saloon in Richmond! Crime has diminished and needless suffering avoided, more children are in school and prosperity and expansion everywhere, despite present war results, mark the present epoch. Who would vote to return to the Richmond of those old days? Let him stand up and be counted.

Mr. Woods urged the following as an insurance policy against defeat of the great reforms undertaken here and elsewhere: "Absolute personal abstinence—a 100 per cent prohibitionist everywhere, at home, at banquets, fishing expeditions, everywhere, like a 100 per cent American in war."

"Co-operation with officers in uncovering and prosecuting whites first, and negroes next, in violation of prohibition laws with out partiality or fear of social, business or political loss. Keep the majority on the side of temperance, thin out the violators, stamp out their business, and force them into honest occupations or into the penitentiary, on the rock piles or into hotter climates!"

"Vote strictly first and only for men tried and true and courageous in law enforcement. One secondarily hypocrit for enforcement officer is worse than a case of small pox or yellow fever at large."

"Best men, so-called good citizens, show it by willingness to serve on juries when summoned, and then give offenders the limit for first offense against temperance laws, the best way to keep them from second offenses."

"Criticize negligent officers, but encourage the efficient ones to their faces and in newspapers. Don't ask their political motives for doing their duty—results are what you want. Get best officers, stand by them when right, serve on juries yourself, sock the hell limit to first offenders, and you get the results NOW!"

"Treat policemen with social consideration, take them into your homes and have them breathe the atmosphere of an orderly home instead of banishing them to the continual environment of dives, criminals and outlaws. I believe that the hard and senseless face of many a policeman is the product of the terrible scenes to which his office confines him. His heart becomes hardened too, his ideals lowered, his sense of the niceties of life dulled because after he is elected he is relegated to the strata of society."

ALMOST \$2,000,000 RAISE IS DEMANDED

By State Tax Commission On Assessment As Made For Madison Taxpayers

Just when Madison county taxpayers were congratulating themselves that they would get a little off their tax bills on account of the general depreciation of values along comes the State Tax Commission and takes the joy out of life.

County Judge John D. Goodloe received formal and official notice from the State Tax Commission Wednesday that it is "compelled to suggest" an increase in the tax assessment of Madison county of \$1,950,000. In other words, the assessment books as turned in by Tax Commissioner Ben R. Powell for the past assessment, will have to be increased by that amount, if the "suggestions" of the State Tax Commission are carried out.

A loophole is left for taxpayers and officials to convince the members of that august body that such an increase is unjustifiable at this time. The date of March 3, is set on which the Tax Commission will hear any representatives of the taxpayers of Madison county who may wish to object to the increases and to offer valid reasons why they should not be made. The increases as suggested by the State Tax Commission are as follows:

On land\$1,650,000
On town lots 200,000
On tangibles 100,000

It will be recalled that when Commissioner Powell finished up his assessment books for the past year, they showed a reduction of almost three million dollars in valuations under the total assessment of Madison for the preceding year. Many prominent farmers and business men thought that a very conservative shrinkage for valuations in view of the fearful depreciation that the farmers and business men generally have had to contend with during the past year.

Now that the State Tax Commission has come right back and practically rejected all the decrease that was allowed by Commissioner Powell, the farmers are going to catch a rather heavy dose if someone isn't able to convince the tax moguls at Frankfort that it's time they were considering the fact that the great common people are being "taxed out of their boots" in these piping times of "normalcy."

At the public sale of Leonard Wood in Jessamine county, dry cows sold for \$42.50 to 67; horses and mules from \$87.50 to \$150; a team of mules at \$300; 50-pounds shoats \$6.50 a head; 90-pound shoats at \$8 a head, and chickens at 21c a pound.

Shooting Tenant Held Over

Paris, Ky., Feb. 16—David Christopher, who shot Calvert Meng in the arm Monday morning at the Bourbon tobacco warehouse, was arraigned before Judge Geo. Batterton on charges of malicious shooting and carrying concealed weapons. He entered a plea of not guilty to both charges and was released on bond of \$500 and \$200 for his appearance at his examining trial Friday morning. Reports received late Tuesday night from the bedside of Mr. Meng were that he is doing well as far as can be ascertained at the present time.

Ernst Hends Off Over Louisville Postmastership

Washington, Feb. 16—Senator Ernst made known today that he will take absolutely no part in the selection of a postmaster at Louisville, but will leave the matter entirely to Congressman Ogden. This is the same rule he has followed in the selection of postmasters in the districts of Congressmen Langley and Robinson. The Civil Service Commission has not yet certified the Louisville eligibles to the postoffice department. Washington is hearing many echoes of the contest between Herman Monroe and Ludlow Petty.

Rebuilding Palestine

(By Associated Press)

Jerusalem, Feb. 16.—The Zionist organization has resurrected the old plan of constructing a 250-mile canal through Palestine as a supplement to the Suez Canal. This project was first brought out 25 years ago by the late Duke of Sutherland but was buried unceremoniously by Sultan Abdul Hamid because of his opposition to progress.

Traffic through the Suez Canal has become so congested these days that it is claimed an alternate canal route is required. Zionist leaders have become convinced that the ever expanding trade relations between Continental Europe and the Far East have reached such dimensions that a canal in Palestine would fill an urgent need and reap untold commercial benefits for Palestine.

Fire Claims Life Of Child; Mother And Neighbor Burned

Louisville, Feb. 16.—When Mrs. Zula Sears found her 4-year-old daughter, Wallace, in flames, she clasped the child to her breast in a vain effort to extinguish the blaze. Carrying the child, who was a veritable torch, the mother ran to the rear yard, placed her daughter under a hydrant and turned on the water. Meanwhile Mrs. Lizzie Herd, a neighbor, went to the mother's aid. She, too, was burned. The child and the two women were taken to a hospital where the girl died. The child's clothing caught fire from a stove.

In Pitiable Condition when she Began Taking Lydia E. Pinkham's Vegetable Compound

Sabina, Ohio.—"I took Lydia E. Pinkham's Vegetable Compound for weakness and irregularity. I was weak and nervous and could hardly stand on my feet long enough to cook a meal. I was this way for about a year and had tried several medicines and had a physician, but to no avail. My sister was taking your medicine and finally induced me to try it. I now feel fine and can do my housework without any trouble at all. You can use this letter for the sake of others if you wish."—Mrs. WELDON G. HATFIELD, R. R. 3, Sabina, Ohio.

Housewives make a great mistake in allowing themselves to become so weak and nervous that it is well-nigh impossible for them to attend to their necessary household duties.

Lydia E. Pinkham's Vegetable Compound should be taken when you first notice such symptoms as nervousness, backache, weakness and irregularity. It will help you and prevent more serious trouble. Give it a fair trial. It surely helped Mrs. Hatfield, just as it has many, many other women.

DOCTORS INTERESTED IN CHIROPRACTIC BILL

Frankfort, Feb. 15.—Among the bills that have been introduced this session of the Kentucky legislature but few have caused more concern among the doctors of the state than that introduced by Senator W. A. Perry, Louisville, concerning the practice of chiropractic, according to reports received here. The bill is now in the hands of the day in the Senate and likely will be called out for consideration soon. An effort to have the bill recommitted for a few minor changes, failed several days ago.

Under the provisions of the bill there would be created a State Board of Chiropractic Examiners, consisting of three chiropractors, who have practiced in Kentucky for at least one year. The members of the board must be graduate chiropractors, no two of them being allowed from the same college or institution.

Examinations shall be held during the months of June and December each year and no one will be allowed to practice chiropractic unless a satisfactory examination is passed. A renewal license fee of \$3 per annum will be paid by all licensed chiropractors within the state. It shall be unlawful for anyone to advertise as a doctor or chiropractor unless such license has been issued and recorded.

SOPHS TOO STRONG FOR MADISON HI

The Madison Hi girls basketball team won from Madison Alumni by a score of 8 to 6 Wednesday night at the Madison gym while the U. K. Sophomores trounced the Madison boys to a 21 to 13 score in one of the fastest games witnessed at the local gym this season.

Girls' Game

The Madison girls found the Alumni easy in the first part of the game but toward the last the Alumni advanced within two points of the Madison lead. The Purple and White girls managed to shoot just enough so as to win by the close score of 8 to 6. Madison played a fine defensive game holding their opponents to one field goal. This one was made by Miss Sallie Gentry from the floor in the second half. It was a nice shot and deserves mention. Miss Gentry also scored two field goals for the grads. Laura Blanton made the other two points for the Alumni as the result of two free shots.

Miss Dorothy Terrill at guard for Madison, played a fine game from start to finish. She played a fine game on the defense and made two field goals besides. They were both nice shots, the first one starting the scoring of the game. Miss Myers also played a fine guarding game. The whole team passed better than usual. The line-up:

Madison—Bennett, (1) rf; C. Blanton (3) lg; Yates c; D. Terrill (4) rg; Myers lg.

Alumni—Stone rf; L. Blanton (2) lf; James c; Gentry (4) rg; O'Neil lg.

Substitutes—M. Terrill for Yates.

Referee—Hembree.

Boys' Game

The Madison boys ran neck and neck with the sophomore visitors through the first half and a few minutes into the second. Then the sophs pulled stakes and gradually left the local High School. Madison started off with three points to the good. Soon after the second year men took the lead by caging two baskets from the field. Then the game up to the closing whistle of the first half was as fast as has ever been witnessed in the Madison gym. First one team and then the other would take the lead. The saw-sawing continued until the end of the first half when the count stood in the locals favor to a 9 to 8 time. The long rest did not prove beneficial to Madison. They only made one field goal in the last half and four points in all. Madison did not show the pass work that they displayed in the game with Clark County a while back. They risked too many of their chances in long shots and made very few of them. Madison also did not have the eye for the basket that they did in the first half. They missed many shots under the basket. The sophs took advantage of their opportunities in the last half. They followed up their shots with skill and passed well. It seemed that Madison stood and watched them make several of their baskets. For the visitors young Rietin made four field goals. He made three of his as the result of skillful long shots in the first half. This young man was a fine dribbler and one who could dodge an ordinary man often. He depended too much, however, on this and did not pass well.

The main fault with Madison was that they did not come to previous standing at the passing game which wins more basketball games than anything. Everett Stone made two field goals in the first half at close range before he was replaced by Blevins at the beginning of the second half. He did not pass up to the standard though. In fact the whole team could not carry the ball through the sophs defense more than once or twice. The locals play their next game with Danville Hi at Danville Friday night. The line-up:

Madison—Tilton Stone (7) rf; Clouse (2) lf; E. Stone (4) c; Hurst rg; Reeves lg.

Sophs—Rietin (8) rf; Riley (2) lf; Bayless (3) c; Barnes (4) rg; Boren lg.

Subs—Spillman (4) for Riley; Blevins for E. Stone.

Referee—Hembree

Ten Suits Against Road As Result Of Accident

Danville, Feb. 16.—Suits aggregating \$102,450 have been filed against the C. N. O. and T. P. Railway in Boyle county circuit court. Ten suits result from an accident at the Lebanon road crossing in October 1921, when John Prewitt was killed and several members of his family were injured. G. H. McWhorter sued the railway and J. W. Wyatt, telegraph operator, for \$50,000, for alleged negligence which caused the train to be derailed and himself permanently injured.

DAIRY COW HONOR ROLL FOR JANUARY

(By Associated Press)

Lexington, Ky., Feb. 16.—Nineteen Kentucky cows, including eight Holsteins and eleven Jerseys owned by 13 dairymen in ten different counties of the state won a place for themselves on the January honor roll by producing more than three pounds of butterfat during the two days that they were tested under the supervision of the College of Agriculture, according to an announcement by J. J. Hooper, head of the college dairy department.

Oakwood Segs De Kol Johanna, a seven-year-old Holstein owned by the Kentucky Holstein Farm, Bardstown, headed the list with a record of 185.8 pounds of milk and 6.09 pounds of butterfat produced during the two days.

During the month, a total of 137 cows, including 115 Jerseys and 22 Holsteins, in 33 different herds of the state were tested under the supervision of the college dairy department, according to the announcement.

Boone county, with five cows on the January roll, headed the list of 10 counties that placed animals among the high producers. Fayette and Jefferson counties both had three each on the list while Shelby county had two. Nelson, Mason, Kenton, Bracken, Campbell and Henry counties each had one cow among the list of those that produced more than three pounds of fat during the two days. Owners who had cows on the January list together with the number of animals follow:

Hubert Comer, Burlington, 4; Kentucky Agricultural Experiment Station, Lexington, 3; Allen Dale Farms, Shelbyville, 2; Hurstbourne Farms, St. Matthews, 2; O. C. Here Is A Queer Poker Story From Out West

San Francisco, Calif., Feb. 16.—Complaint of an American that a Chinese had paid his poker debts in a game at Yerington, Nev., with raised bills led to an investigation that indicated a Piute Indian had altered the currency with a whittled stick and white paint, according to a report today by W. M. Ashe, secret service investigator, to Thomas B. Foster, chief of the government secret service bureau here. As poker is a legalized game in Nevada, Foster said, the complaint against the Chinese had to be investigated. Charlie Young, the Chinese, is on \$1,000 bail on a charge of possessing raised currency. Foster said, while the Indian, Andy Dick, is in jail at Reno on a charge of altering the bills. Foster declared that although the amount of money involved was only a few dollars the job was well done, bearing no evidence of the crudity of the instruments.

Thursday's Calendar

The Artists' Recital at Normal School auditorium 8 o'clock, to which the public is cordially invited.

Mrs. Douglas Parrish will entertain informally at bridge this afternoon in compliment to Mrs. Harry Edwards, of Chicago, the guest of Mrs. Blanton.

Entertained at Dinner

Mrs. Leonard Quinn, of Bloomington, Illinois, was honor guest at an elaborate dinner party the first of the week to which Mrs. Karl Park was hostess. Covers were laid for Mrs. Quinn, Mr. and Mrs. W. H. Park, Mr. and Mrs. W. F. Park, Mr. and Mrs. Waller Q. Park, Mrs. John Park, Mr. and Mrs. Strother Park and Mr. Holton Park.

Entertained Bridge Club

Mrs. Harry Hanger very delightfully entertained her bridge club Wednesday afternoon. The prize for top score at bridge was made by Mrs. Robert Burnham, Jr. Mrs. Hanger's guests included Mesdames Shelton Sanfley, S. J. McLaughlin, J. P. Smith, T. C. McGown, Joel Park, W. P. Milard, Mrs. Harry Edwards, of Chicago, Misses Elizabeth Turley, Emma Watts, and Dorothy Perry.

D. A. R. Meeting

The Daughters of the American Revolution held their February meeting with the secretary, Mrs. Jennings Greenleaf. The delegates and alternates to the D. A. R. Congress which meets in Washington in April were appointed by the Regent, Mrs. J. W. Caperton. Mrs. Alice Tribble conducted the devotional part of the program. In the magazine report most charmingly given by Mrs. James Neale, especial attention was called to the bill before Congress to make Yorktown a national military park. The main number on the program was the paper on the Southern Signers of the Declaration of Independence. This paper was given by Miss Tribble.

"Pape's Cold Compound"
Breaks any Cold
in Few Hours

Instant Relief! Don't stay stuffed up! Quit blowing and sniffling. A dose of "Pape's Cold Compound" taken every two hours until three doses are taken usually breaks up any cold.

The very first dose opens clogged nostrils and the air passages of the head; stops nose running; relieves the headache, dullness, feverishness.

"Pape's Cold Compound" acts quick, sure, and costs only a few cents at drug stores. It acts without assistance, tastes nice, contains no quinine—Insist upon Pape's!

who delighted her audience with the thorough and charming treatment of her subject. The society felt itself honored in having present Mrs. John M. Kennedy, a descendant of a signer. The D. A. R. was pleased to have among the guests a representative of Sweden in Mrs. Ernberg, of Berea, and of England in Mrs. Volkins; both of these ladies, and also Mrs. Frost, of Berea College, brought short messages to the society. After the program a most delicious lunch was served by the hostess.

Mrs. Buchanan A Guest

The reception for the new Coronado pastor, Rev. O. M. Freeman, of South Dakota, was held Tuesday evening, Feb. 7, at the Oceanview hotel at Coronado Beach. The spacious rooms were beautifully decorated appropriate to the season. The guests were received by Mr. William Perry, of the Oceanview hotel, Dr. and Mrs. Spahr, of Zenia, Ohio, Mrs. Hattie Buchanan, of Richmond, Kentucky, and Mrs. F. L. Hoffman, of Battle Creek, Michigan. A very pleasing and talented program was rendered by a number of high class artists, at the

close of the evening. Rev. Freeman was warmly welcomed by his friends and his earnest desire to be of help and service not only to his church people, but to each and every one who might need help. Introductions followed the pastor's remarks and then a social hour was enjoyed by the guests assembled.

Mrs. John Christian and daughter, Miss Katherine, are guests of Mrs. F. H. Gordon in Purnamwood.

Misses Adeline Ward and Vera Eckert, of Winchester, spent Wednesday and Thursday with Miss Anna Bell Ward at Hotel Glyndon.

CONSULT YOUR PHYSICIAN: TAKE NO CHANCE

Death Toll From Colds Rapidly Increasing Everywhere—Germs Multiply By the Millions—Great Danger from Pneumonia

Health authorities and medical clinics warn the public that the common cold is a decided menace to life. Cold germs multiply so quickly that in many instances they overpower the vital resistance and great danger from dreaded pneumonia may result. Every sensible person should upon the first sign of a hot flash, followed by a chill, or a stubborn chest or throat cold, consult a physician at once.

One of the most effective home treatments and which is today used by millions of people is to take a steaming hot cupful of Bulgarian Blood Tea which can be had from any druggist. This hot medicinal tea assists nature to purify and strengthen the weak blood, stimulate the inactive kidneys, and cast the stagnant poisons from the bowels and intestinal tract. The rich juices, brewed from the plants, roots, bark, leaves, herbs, and flowers that compose Bulgarian Blood Tea permeate the whole system and are wonderfully healthful.

Big Increase Expected

In Acreage of Pastures

Lexington, Ky., Feb. 16—As a result of the low prices of farm products, the acreage of grasses and clover seeded in Kentucky this spring is expected to be increased approximately 100 per cent over that of 1920, soils and crops specialists at the College of Agriculture say. This is in line with the increase reported from 1921 when the average was increased about 50 per cent over that of 1920. About 80 per cent of the increased acreage will be seeded in that section of the state which normally seeds red top or herd's grass for pasture, according to the specialists. Good stands and success in growing the increased acreage will depend upon proper preparation of the seed, the specialists have pointed out to farmers.

day and night where there is no inspiration for promotion. The club must be their argument, the pistol their defender, and thanklessness their reward not only for their protection to the public but for the sacrifice made of social ostracism of selves and families. Be often with your police officers, socially, and efficiency and fidelity will distinguish them as much as they do any citizen they protect with their lives by night and by day.
"Police headquarters and the fire department are the rendezvous of many who must use these for their only club rooms since the saloons closed. I beg you to make these places attractive, comfortable, homelike. The reaction will elevate the spirit of civic pride of policemen, firemen and their friends and visitors. I call it economical to supply your firemen, your gallant volunteers indeed, with every comfort and convenience that may add to their sense of gratitude and patriotism to the citizens, to whose property, peace and existence these fire ladders joyfully devote their lives amid dangers to health and life itself while we are asleep in our comfortable homes.
"Specifically, I would make the fire department quarters so absolutely homelike and comfortable that no other place in town would be so attractive to our oft-forgotten protectors, who are well able to judge whether we appreciate their great part in the preservation of all that is dear to us—our churches, homes, schools, stores, banks, etc. Our fire chief, Ben Daugherty, could spend the money for his laddies in a way that would make them give their lungs to save your property from

destruction. Will it pay? Rather, ask yourselves, "Would we take their places, risk our clothes, our bodies, our chance of promotion, our lives?" It is the cheapest investment you have—fire equipment and a home for the firefighters. God bless them, Ben Daugherty, wife, babies and all!
"The editors of Madison county, thank God fervently, have never flickered in their stand for law and order and temperance. Only the ministers, as a class, have ever equalled the papers in this regard.
"Nothing I have said above is unrelated to law enforcement. Better personal conduct, service on juries, extreme verdicts, electing best men, watching their work, condemning and commending, socializing policemen and their loved ones, equipping firemen with necessities and so-called luxuries, do these things and every town in Madison county will be too proud of you to stray off to other cities to buy goods or property. Other counties will follow your lead, criminals will fade away, tragedies will become ancient history, hypocritical boozers will sober up, move away or die like rotten apples, which are no good anyhow.
"Finally, if the men of Richmond and Madison county do not do their whole duty, I beg the women with votes now, to sweep the county and city clean, and educate their sons in the way they should go, and bind their daughters to a pledge that "the lips that touch liquor shall never touch mine."
"I have nothing here to attract me except loving friends, a devoted daughter in Lexington, and a lone grave in your beautiful cemetery. And yet my devotion to the good government of Rich-

mond is so great, that I am not afraid to say I should be grieved if the survivors of our battles of 1906-11 have fallen from grace by touching, tasting, handling the unclean glass. Oh, friends, remember:—
"At the punch bowl drink, let the drinker think.

SEEKS RECEIVER FOR BIG UNION

(By Associated Press)
Toledo, Feb. 16.—The Bacon Brothers Company in federal court here today applied for a receivership for the United Brotherhood of Maintenance of Way and Railway Shop Laborers. A temporary order was issued restraining the officers of the organization from withdrawing money from a Cleveland bank and the defendants are cited to appear February 24 and show cause why the receiver should not be appointed. Today's action is an outgrowth of damage suit for several hundred thousand dollars filed against the union by Bacon Brothers for breach of contract.

A Correction

Our good coal friend, Hood Gordon, in his advertisement in Wednesday's paper quoted some unusually low prices on block and nut coal. In setting the ad the printer even went fifty cents lower than his price, which caused quite a run on the coal market at his yard. The price quoted was \$5.50 for the Red Ash block, when it should have been \$6.00, which is an unusually low price for this splendid coal. The corrected price appears in his ad today.

NORMAL SCHOOL IS BREAKING RECORDS

Attendance Exceeds All Previous Figures and a Great Work Is Being Done

On Tuesday of last week the third term of the Eastern Kentucky State Normal School began. The attendance is far heavier than it has ever before in the history of the institution. The actual enrollment at the Normal School at this time is well over the 850 mark. Usually at this time of the year, in years gone by, the attendance has been around 600. Quite a number of students went home because they could not secure accommodations of the kind they wanted. There are over 140 different classes running in the Normal School proper and the classes are ranging from 30 to 80 students each. Every school room on the campus is taxed to its limit. If the administration could have assured people of accommodations in the way of rooms the attendance would have been well over the 1,000 mark at this time.

The majority of these students are taking their meals at the dining halls on the campus. The school is now running three large kitchens and dining rooms and giving meals to about 750 people daily. The administration appreciates very much the way the Richmond people have come to its assistance in the matter of rooms. In order to get the women students who room out in town, to and from their rooms, the school is running its bus in the mornings and evenings. Something like 150 women are rooming out in town. It may be of interest to know that there are about 475 women in school and nearly 400 men. There would be no trouble in running the school well over the 1,000 mark if suitable rooms could be found close enough to the campus for students to go back and forth to their meals.

Quite a number of former graduates of the school are writing in now to find out when the Normal School will go on the college basis, permission to do which was given by a law recently passed by the two House of Legislature and signed by the Governor. There is no question that a large class could begin next fall if the Board of Regents should see fit to inaugurate it.

The teachers of the Normal School and students, and the teachers of the City Schools are having the opportunity this week of hearing Dr. Chas. A. McMurry, of Peabody College, who is probably the foremost methodologist of this country. He is the head of the Department of Education at Peabody College. He has written a large number of books which are used all over the United States and in foreign countries. Dr. McMurry is lecturing in the forenoon at the chapel hour and at 11 o'clock he is demonstrating teaching classes of students; at 4:10 he lectures to the teachers of the Normal School and of the City Schools. It is the policy of the Normal School to bring, once every term, some man or woman among the best in the educational world, for the purpose of giving the faculty and students a chance of hearing the best along educational lines.

The two new teachers of the Normal School are making good in great shape. Miss Zellhoefer, as assistant in the English Department, is setting some very high standards, while Miss DeVries, at the Head of the Department of Home Economics, is making an excellent impression upon the faculty and the student body. The school was very fortunate in securing these highly educated and splendidly trained young women. Miss Zellhoefer is a graduate of a normal school in Illinois and of the University of Illinois. Miss DeVries is a graduate of the University of Chicago. Each has done quite a bit of post-graduate work since graduating.

Last Monday afternoon and evening there was a meeting of representatives of the schools, which either grant certificates in their own right or are permitted to recommend their students to the State Department of Education for certification, for the purpose of considering standards. The Normal School at Berea was represented by Dean McAllister, Col. Williams and Prof. Burr;

Rubber Stamp Wrong, But Bingham Still Wins

Frankfort, Feb. 16.—The rubber stamp "is an innovation" in politics "which destroys the secrecy of the ballot," the Court of Appeals said. The decision was in the election contest case of Mat Bingham against David Johnson, appealed from Knox circuit court. "Everyone who took the stamp into a booth gave notice of how he intended to vote," the court said. Bingham, an independent candidate who entered too late to have his name printed on the ballot, furnished for the convenience of his supporters, who otherwise would have to write his name, a rubber stamp. Votes so stamped, the court held, are valid. Bingham, however, wins because he alleged that he received votes, not so marked and Johnson, the Republican candidate, admitted that Bingham received the most votes but failed specifically to allege or prove that he received any at all himself.

Pay Debts, Stop Tobacco

At Evangelist's Command
Warfield, Feb. 16.—A marked decrease in tobacco sales and payment of old debts are resulting from the "Unknown Tongue" revival conducted by Akron, O., woman whose disciples are forbidden to chew or smoke and urged to settle old accounts. Meetings often continue until 2 a. m. and great throngs have braved the opposition voiced by members of other churches.
